Product Description

DeWalt 3000 Max PSI Electric Cold Water Pressure Washer

Power through a variety of outdoor cleaning tasks on the jobsite or at home with the innovative DEWALT 3000 Max PSI* 1.1 GPM** Pressure Washer that delivers up to 40% more pressure***. This pressure washer was designed with internal storage for the wand as well as all the nozzles; they fit and store inside the unit for compact storage and easy accessibility. It has a durable frame for stacking and the self-contained compact design makes this unit 2X more compact.† This pressure washer also gives you the freedom to store it vertically or horizontally. The high pressure hose easily fits under the hinged crossbar and is held secure for storage and transport. Accessories include 4 nozzles including a turbo nozzle delivering up to 2.4X cleaning width‡ with dedicated wand storage and a foam cannon with onboard molded storage. This tool is ideal for convenient cleaning of tools and equipment on the jobsite as well as decks, siding, sidewalks, boats, outdoor furniture, and vehicles. This pressure washer is easily transportable to the jobsite or home with multiple grab points for loading and unloading as well as wheels and a retractable handle. The DEWALT 3000 Max PSI Jobsite Pressure Washer is backed by a 3 Year Limited Warranty.
